The general manager of this com-pany is under obligations to Mr. Edgar, of Edgar mineral wells, for some fine, luscious peaches.

The United States flag on the top of the court-house looks lonesome. It should have the company of the Tar-rant county summer banner—a water-melon rampant in a crushed liver field.

The question of establishing water tanks for fire purposes, discussed. Some people seem to think that in case of an accident to the water-works just before or during a big fire, the al-ternates would not furnish enough water.

Watermelon vendors from the coun-try never suffer from an over-stocked market. When no purchasers appear they form themselves into a commit-tee of the whole on the square and de-vour their stock.

Richball, the pacer that won the race for \$2,500 at Chicago last Thurs-day, was bought by Frank Sherwood, secretary of the Galveston Driving Association, and others for \$10,000. This shows that Texas is determined to have the best stock at any cost. Richball won the race easily in 2:13, 2:16, 2:13.

The opera-house will be a *bijou* in its way. It is so compactly built not-withstanding its great seating capac-ity, as to bring its actors and the audi-ence into close communion. Even the bald-heads will have no use for field glasses when giddy burlesquers face the foot-lights, and the shallow-ness of the stage gives no room for flirting behind the scenes.

As a slight token of their apprecia-tion of the music furnished by the serenaders the other night, Mrs. Nich-ols and Miss Frankie Nichols yester-day presented Messrs. Washer, August, Ligon, Shepherd, and other members of the serenading party, with their compliments a nice cake. A few select friends were invited to join in sampling the gift, and fast night the young men made merry over cake and wine at the popular clothing house of Washer & August.

Failed to Flock. The board of aldermen made a vain attempt to meet yesterday afternoon in called session to consider the sewer contract muddle. Alderman Hickey, Andrews, Haymaker and Elliot were on hand, but lacking the presence of Mayor Smith and Alderman Elser, soon left the hall. An adjourned meeting of the board will be held to-night, when it is expected that defi-nite action will be taken on the sewer contract.

Interesting Services. All members of the Cumberland Presbyterian church are earnestly re-quested to attend services next Sab-bath morning, as there will be a need of every member. All Cumberland Presbyterians who have come into the city are also requested to attend the services, as we wish to form their ac-quaintance.

Fine Corn. Mr. Dan. Arwine, who lives near Bedford, left a sample car of corn grown this year, which is as fine as any that can be produced in this coun-try. The car is nearly a foot in length, well filled, close and heavy.

Presbyterian Services In Business College hall, corner of Fifth and Elm streets, entrance on Fifth street side. Preaching at 11 a.m. and 8 p.m. All are invited to attend.

THE FIREMEN'S BALL

Arranged for Last Night—Committees Ap-pointed.

A called meeting of the fire depart-ment was held last night with Presi-dent Hozle in the chair and L. E. Harrison acting as secretary. The ob-ject of the meeting was to discuss the question of giving a ball whereat the "slamanders" and their friends might slaughter dull care to Strauss' witching measures. After an interchange of opinion, it was decided to give a grand ball on the evening of August 3d, and committees were ap-pointed as follows:

THE COMMITTEES.

On arrangements—Don B. Adams and Richard Townsend, of M. T. Johnson Hook and Ladder; Geo. W. Hill and S. E. Harris, of Protection Hose; M. T. Kerr and J. L. Mc-Cracker, of Peter Smith Hose; J. B. Farmer and A. Matkins, of E. M. Duggett Hose. The committee has full power to act, and all communica-tions should be addressed to it.

On invitation and printing—Ed-ward Donohue, Chas. Gay, S. Tomlin-son, C. W. Hozle and J. McGee.

Floor managers—P. E. Sargent, F. V. Gellespie, Rufe James, John Mc-ehum, Don B. Adams, S. E. Harri-son, Walter T. Maddox, Stanley Tom-linson, Henry Fields, E. R. Maddox, K. M. VanZandt, Jr.

On reception—J. M. Swayne, R. H. Barnes, F. Quickenstedt, Jr., Alex. Canto.

Sub-committees were appointed to en-gage hall, music and supper, and it was resolved to fine every committee man who neglects his duty the sum of \$25. The firemen will attend the ball in full uniform.

AFTER THEIR WAGES.

Another Chapter of the Sewer Laborers' Woes.

About thirty-five laborers employed on the sewers visited the city hall yesterday afternoon, in a body, to find out who is responsible for the wages due them. The problem was solved for them, as far as possible, by City Secretary Harrison. He told them that the estimate of \$1,481 adopted by the city council at its last meeting, was held for Cleveland and Cameron, Con-tractor Slattery's bondsmen, and re-ferred them to the mayor. They went away quietly and with the under-standing that they would appoint a committee to wait upon Mayor Smith to-day.

A MENTAL WRECK.

A. R. Russell Again Arrested for Larceny.

A. R. Russell was arrested yesterday on the charge of stealing a book out of Dr. Burt's office. When questioned he claimed that Dr. Burt had loaned the book to him, and when this was shown to be untrue he said that he got it from a young gentleman in the doc-tor's office. This statement also was refuted, and Russell was then arrested. He was in the hands of the law a few days ago for stealing a ticket out of the Santa Fe office, and was released upon one of his friends paying the value of the ticket. It is understood that he will not be prosecuted for yesterday's offense. Russell was formerly state geologist, and is a man of considerable attainments, but his mind is now so impaired by intemperance that he can scarcely be considered sane.

An Unfortunate Accident.

Messrs. Laing and Ratican, the en-ergetic street paving contractors, have met with a most unfortunate accident. The rock crusher, which they pur-chased at considerable expense, for breaking the rock, and which has been in constant use since the work on the streets began, has been laid up for repairs, the movable jaw, a piece of iron weighing eight hundred pounds, snapped short off on Wednesday after-noon, and all rock crushing ceased for the time. A new one will be cast immediately, but as a model has to be made in wood first, the crusher will not be ready for use again before Thurs-day. Fortunately, however, a large quantity of rock has been crushed and the accident will not delay the work at all. The contractors are pushing the work forward as rapidly as possi-ble, and in a few days the upper por-tion of Main street will be ready for use. There are one hundred and fifty men and fifty teams engaged in the work.

The Tyrolean Singers.

The Tyrolean concert company held the boards last night at the Germania opera house. The audience, though rather small, appreciated the fine mu-sic, and never failed to reward the ef-forts of the musicians with hearty and well-tempered applause. The bass soprano, and mezzo-soprano, are worthy of special mention. The whole company acquitted themselves well, and if the Fort Worth people fail to hear the company to-night, they will miss a great treat. The company close their engagement to-night.

Will Call.

Mrs. C. M. Winkler, editress and proprietress of the Texas *Pratie Flower*, a monthly journal, published at Corsicana, is in the city. Mrs. Winkler, who is the wife of Judge Winkler of the court of appeals, is the founder of the magazine which she represents, will call upon the people of Fort Worth to subscribe for her peri-odical. The journal is a good one, and as a Texas enterprise should be well patronized by Texas people.

Dismissed.

Henry Samuels was arraigned before Justice Zinn yesterday on the charge of aggravated assault upon Mabel Clarke. The complainant having no witnesses, she dismissed the case. Samuels is an engineer upon the Fort Worth and Denver City road, and is known to many citizens of Fort Worth as a sober, industrious man and a first-class engineer.
